SCROGGINS CAN SPRINT.

Frisco Claims an Athlete Who Can Do the Hundred In Ten Seconds.

San Francisco possesses a very promising young sprinter named J. W. Scroggins, who has done the 100 yards dash in the fast time of 10 seconds, which is only one-fifth of a second slower than the world's record space by

than the world's record, made by John Owen, Jr., of the Detroit Athletic club in 1890. At the late games of the Rellance Athletic club at Oakland Scroggins covered him self with glory by winwith glory by win-ning the 100 yards dash in an even 10 seconds, which equals Schiffer-stein's perform-ance in 1888, the coast record. If Boroggins was ac-ourately timed, he

curately timed, he has equaled the best performance of Luther Cary, the "Princeton J. W. SCROGGINS. Demon." Scroggins is only 21 years of age and has been following athletics but eight months. In his maiden race he did the 100 in 11 seconds. He is a member of the class of '97, University of California, and weighs 140 pounds in his running clothes. In the recent race when Scroggins touched the tape two of the judges had 10 seconds, while the watch of the third was 9 4-5 seconds. Such phenomenal time for an almost unknown man upon the cinder track will of course be questioned. Scroggins has done 220 yards in 24 seconds, which is not a remarkable performance.

#### THE WHEELING WORLD.

It is believed Zimmerman will make his professional debut in Paris June 17.

F. S. Elliott of Harvard recently made a new intercollegiate record of 5 minutes 72-5 seconds for two miles.

The Pittsburg Athletic club is to build a \$5,000 bicycle track.

A race for one legged speed merchants will be a feature of the Rome cyclers' meet. The New York Athletic club and the Chi-cago Athletic club have refused to recog-nize the class B wheelman as an amateur.

Billy Murphy, the well known racing man of Brooklyn, recently covered 25 miles in 1 hour and 8 minutes. Murphy is riding in something like his old time form.

On June 2 John S. Johnson will attempt to win the \$1,000 purse offered to the first rider who will cover a mile under two min-utes on the Waltham (Mass.) track.

Thomas Warwick, the English amateur, says the Frenchmen are the best riders in the world, and that they have been held too cheaply in the past.

Tom Eck says Johnson will race Sanger for a \$1,000 prize some time this year.

Pertinent Pointers For Racing Cyclists.

Pertinent Pointers For Racing Cyclists.

"Always ride with your front wheel slightly outside the driving wheel of the man in front. If he slows suddenly, this will enable you to escape a collision. If you ride inside a man's driving wheel, you are powerless in case a man from behind spurts in front, and if the man in front cuts a corner very close you may be bored onto the grass or collide with him," says R. J. Mecredy, the veteran racing man. "Never look around. It is a most dangerous habit and serves no good end. Either listen for the rush of your opponent's wheel, with and serves no good end. Either listen for the rush of your opponent's wheel, with your head slightly bent, or look back under your arm. Never slacken once you turn in to the finishing straight. When one eases in one's spurt, especially at the end of a hard run race, it takes time to get going again, and under such circumstances a rush from behind is almost irresistible. When hard pressed, remember that your opponent is probably quite as much done as you are. It then becomes a matter of pluck. The man with the biggest heart will win. When a man is passing you, keep a careful The man with the biggest heart will will. When a man is passing you, keep a careful watch. Riders are very apt through carelessness to cross too soon, and unless on your guard you will find it difficult to avoid

your guard you will find it difficult to avoid a collision.

"When in second position approaching the last corner, you should not allow the leader to slow too much, or some one from behind may come with a rush and not only take your position before you can jump into your sprint, but draw others with him and effectually pocket you. Don't back pedal at a corner. It will upset your steering, and it is much easier to get round pedaling, especially if you work the right or outside leg the hardest. If the corner is a really bad one, it often pays by a sudden rush to start the men in front, sprinting some 60 or 70 yards from it; then slow slightly, drop back and as they swing wide sprint by on the inside. Nothing takes the pace off a machine and the go out of a rider so much as to bungle a corner. We have seen a man who carried out this dodge successfully get a 20 yards' lead before the men who had been bungle a corner. We have seen a man who carried out this dodge successfully get a 20 yards' lead before the men who had been leading him an instant before could get going again to catch him."

How Clifford Was Named.

Trainer Cliff Porter, who owned Clifford and sold him to Leigh & Rose for \$4,000, thus describes how the great horse received his name: "My wife got after me time and again to name one of my colts Clifford. That is my given name, but I am called Cliff for short. For outle a time I refused. That is my given name, but I am called Cliff for short. For quite a time I refused to comply, telling her I must wait until I found one sufficiently promising to be worthy of the name. So when I discovered that the colt now called after me was a coming crackajack I went to my wife and says to her, 'Well, I have at last got a colt worthy to be named Clifford,' and that is how Leigh & Rose's great crack came to get his name." get his name."

#### Patti's Latest Honor.

Adelina Patti is probably the possessor of more decorations, diplomas, etc., than any other woman living. The latest comes from faraway Argentina, where she was recently voted the diploma of "La Sociedad de Fenefacina Hernanes de los Desam-carados" of Buenes Ayres. This bonor cerde Echelechem Hertanes de los Desam-parados" of Baenes Ayres. This honor cer-tainly carries with it enough in the way of verbiage, but the "queen of song" deserves any title that any he bestowed upon her.

A New Standard For Hamlet.

Wilson Unirett says he overheard some old stage carpenters discussing the various performers of Hamiet they had seen in their day. "Well," said one, "you may talk of riving and Booth, and now Barrett, but give me Fechter's Hamlet. He was done 20 minutes sooner than any of 'em."

A Chestnut "Rung In."

"Talking of check," said a Pittsburg critic to an advance agent, "there was a cheap priced opera company here last summer which did an opera called 'The Boho-mian Girl,' and I'm blowed if a fellow didn't ring in that old chestnut from 'East Lynne,' 'Then You'll Remember Me.'
